[RC Vision]

	Classification	Item
2	Function added	EVP2 QR code supported.
3	Functional improvement	Increase in Load File speed within the same EVP2 project.

• Contents

[RC8/RC8A Controller / COBOTTA]

Item	Overview
Origin return guidance (RC8 version)	The origin return guidance function is now available on the RC8. (License supported)

[RC Vision]

Item	Overview
EVP2 QR code supported	Added support for reading QR codes.
Increase in Load File speed within the same EVP2 project	Added an optional argument that initializes by loading the project only once. This argument will reduce the loss of processing time.
